Krakow (kra-koov), the ancient Polish capital has flourished for hundreds of years as a center of Polish art, culture, and learning. Our goal in creating and continuing the Old Krakow Art Café & Polish Restaurant is to share the charming atmosphere of Krakow café life with you while offering food and service comparable to San Francisco's best eating establishments. And of course, if you would like to enjoy the food at home or at a picnic, we will prepare it for take-out.
